A special message for those affected or anyone you know who may be affected by Hurricane Harvey:

The staff, faculty, and students of Arlington Career Institute send our thoughts and prayers to those impacted by this catastrophic event. We have organized a supply drive and will be donating items to our local shelters here in the DFW areas that are assisting those who were evacuated from their homes.

If you have had your career training interrupted due to Hurricane Harvey, please know that ACI is here to help you. We can get you in school now and provide you with free books, supplies and uniforms. You do not have to wait to resume your education.

It is often during these times of heartache and tragedy that we see the very best in our fellow citizens. Again, please know we are here to offer help, support, and prayers.

ARLINGTON CAREER INSTITUTE

JON VECCHIO  
Director/CEO
